### GO GREEN WITH HALTON HILLS PUBLIC LIBRARY Celebrating Earth and Sustainability

**HALTON HILLS, ON** – It's all things green, all month long at Halton Hills Public Library.

The popular community hub is offering special programming and events to celebrate our planet and share some unique ideas for sustainability.

**Repair Café** is a first-of-its-kind event at the library. People are invited to bring household items that need repair; experts will be on hand to help fix them. Small household objects, clothing and even bicycles could be given new life at this workshop which will include refreshments and social time to mix with neighbours. Saturday, April 21 from 10 am – 2 pm. This event is free; just drop in.

**Communities in a Changing Climate** is the final offering of this year's popular Halton Hills Lecture Series. Dr. Barry Smit will lead a lively discussion surrounding the very real causes and possible consequences of climate change. He'll provide an expert take on public policy and the personal choices we make. This event is free, and tickets may be picked up at the John Elliott Theatre Box Office. Wednesday, April 25 @ 7:30 pm.

**Green Tours** feature the library as one of the greenest spaces around. Both library branches are LEED certified facilities featuring state-of-the-art energy efficiencies. Residents are welcome to schedule a tour of the Georgetown Branch for a behind-the-scenes peek. Very enlightening for groups or individuals. Call 905-873-2681 ext. 2511.
